Shelf Life

Mousemilk Purple (Vegetable Oil) is a purple translucent liquid. It has an orange fruit odor. The shelf life times are based on a product that is stored at temperatures not exceeding 80 degrees Fahrenheit and not exposed to direct sunlight.

Closed Container:

The product remains effective, when stored in a closed container for 60 months (cap on bottle, spout kept closed when not in use).

Open Container:

Airbourne particles will contaminate the product and the volatile ingredients will dissipate. Product will become ineffective as a penetrating oil after 30 days (cap off bottle or spout open)

Batch Number

The quality assurance batch number appears on a small label (1/2" x 1 3/4") placed horizontally on the bottle label of each 8oz. or 32oz. bottle and on the imprinted Mousemilk Label of each case. The batch numbers are coded with the date of manufacture in the following format:

Batch # ABCDEF-V where

A = batch number

B = month of manufacture (October = A, November = B and December = C)

CD = day of manufacture

EF = year of manufacture

Example: 1A0320-V is batch #1 mixed on October 3rd 2020.
